

Prescription Treatment[®] brand **ADVANCE™ DUAL CHOICE[®]**

Ant Bait Stations

Formula 1

KILLS THE QUEEN, KILLS THE COLONY

Advance™ Dual Choice® Ant Bait Stations can be used anywhere ants are a problem.

Effective against:

- Pharaoh Ants
- Cornfield Ants
- Argentine Ants
- Variety of Household Ants

For Commercial, Industrial and Residential Use

Contains Sulfluramid, an ingredient that keeps killing ants for up to 3 months.

ACTIVE INGREDIENT:

N-Ethyl Perfluorooctanesulfonamide 0.500%

INERT INGREDIENTS: 99.500%

EPA Reg. No. 499-459

EPA Est. No. 56207-WI-2^A
(See Code in Lot Number)

EPA Est. No. 499-MO-1^B

DO NOT ALLOW CHILDREN OR PETS TO PLAY WITH THE BAITS CAUTION

See side panel for additional Precautionary Statements

FOR COMMERCIAL, INDUSTRIAL AND RESIDENTIAL USE INCLUDING:

Food Processing Plants, Eating Establishments, Food Marketing-Storage-Distribution, Hospitals, Nursing Homes, Schools, Office Buildings, Apartments, Laundries, Buses, Aircraft, Boats, Museums, and Zoos.

Ants are attracted to the bait in Advance™ Dual Choice® Ant Bait Stations. The bait food is carried back to the nest to kill the queen and destroy the entire colony.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Place baits by ant trails or close to areas where ants are present, even on food preparation surfaces or next to food. Do not place baits on food preparation surfaces when food is being handled or on utensils that are used for food preparation. Also place adjacent to walls, electrical lines, potted plants, waste receptacles, sensitive electronic equipment, inside drop ceilings and wall voids or anywhere ant problems occur.

Do not use residual sprays with or near Advance™ Dual Choice® Ant Bait Stations.

Ants will begin to feed - population reduction and less activity can be expected in about a week.

FOR EFFECTIVE CONTROL:

Use 3 - 4 baits for the average size room.
Use 6 - 8 baits for heavy infestations.

Bait stations are designed to be visually inspected. This allows for monitoring and timely replacement. Replacement is recommended after 3 months or when bait is almost entirely consumed (do not risk loss of control by allowing complete consumption).

Advance™ Dual Choice® Ant Bait Stations are packaged in a Child-Resistant Container.

ADDITIONAL USE SITES FOR ADVANCE™ DUAL CHOICE® ANT BAIT STATIONS

HOUSEHOLD: Closets, basements, attics, recreation rooms, kitchens, bathrooms, dining rooms, pantry and food storage shelving.
